

Script for NGA welcome video
Taping Friday, July 10, 2009
12:15 p.m., Governor's Press Room

GHB: Hi, I'm Haley Barbour, and this is my First Lady, Marsha.

FL: On behalf of all Mississippians, Haley and I welcome you to the summer meeting of the National Governors Association. It's a great time for governors and their families to see the remarkable progress that's been made here since Hurricane Katrina.

GHB: First time NGA's been in Mississippi since 1935. We hope you'll take some time to sample all the Gulf Coast has to offer - fresh seafood, live entertainment, the longest man-made beach in the world, and that famous Mississippi hospitality.

FL: And you know it doesn't get any better than
that! We're glad you're here and hope
you enjoy your stay with us on the Mississippi
Gulf Coast.
